

HEALTHY H₂O LESS DOUGH LESS HASSLE

Introducing Affordable Ozone Sanitation for Above-Ground Pools

With DEL Ozone's Big Dipper Corona Discharge Ozone Generator, you'll enjoy minimum maintenance and a reduction in chlorine usage in an affordable, compact system made especially for above-ground pools. DEL Ozone systems are completely automatic and maintenance free. Ozone in your water is simply the best water quality you can have for your above-ground pool.

DEL ozone™
GREEN SOLUTIONS SINCE 1975

* Above-ground pools are not generally suitable for diving.

Big Dipper

Reduce Chlorine Use By 60-90%

Corona Discharge Ozone Generator
For Above-Ground Pools Up to 25,000 gallons

- ▶ Reduce Chemical Costs
- ▶ Reduce Environmental Impact

HEALTH

No More Irritated Eyes and Skin
Ozone Kills up to 99.99% of Bacteria, Viruses
and Molds Found in Pools

Ozone is an extremely powerful antimicrobial oxidizing agent that is 200 times more powerful than chlorine and other harsh chemical alternatives. Ozone is the most effective system for destroying bacteria, viruses, mold, algae and other unwanted particulates, yet it is 100% environmentally safe. The only byproduct of ozone is oxygen, unlike its chemical counterparts that produce a myriad of personal and environmental concerns.

Save
TIME + \$

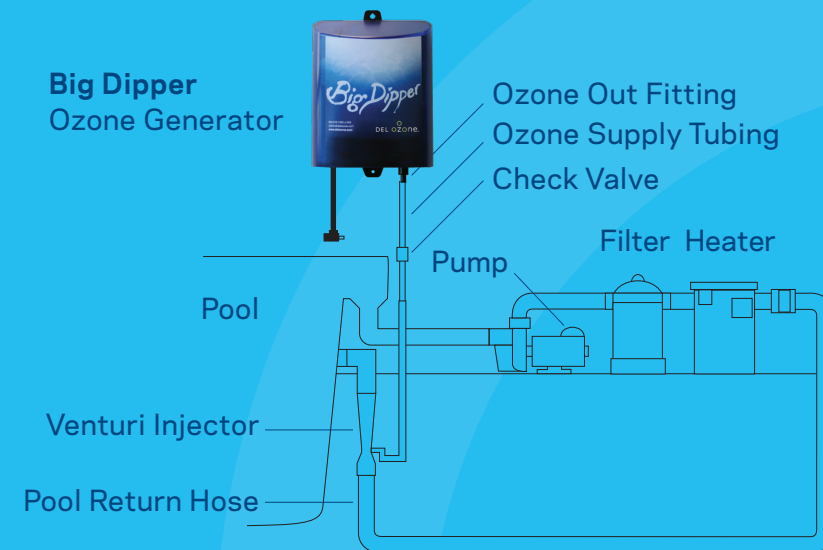

Maintenance Free, Automated System
No Need to Shock the Pool

Ozone is generated and dissolved into pool water automatically. It effectively reduces chemical use by 60 to 90% while simultaneously removing microorganisms, organic contaminants and other impurities from the water. With ozone "shocking" your pool when it is operating, you spend less time balancing chemicals and more time enjoying your pool. Ozone technology is Automated Sanitation at its best.

Easy Installation

OZONE PROVIDES THE MOST POWERFUL
ANTIMICROBIAL SANITATION FOR POOLS

INTELLIGENTLY DESIGNED SYSTEMS
FROM THE LEADING AUTHORITY IN
OZONE TECHNOLOGY WORLD-WIDE

The Healthiest Water Available. Naturally.

DEL Ozone sanitation systems create the cleanest, clearest water available for pools and spas. Completely automated and maintenance free, ozone sanitation is the most economical and environmentally safe water purification system available today.
